

Enterprise Ireland Commercialisation Fund Info Session

Have a technology idea that you think could be commercialised? Want to get funding to run your own research project?

Tom Bannon, Enterprise Ireland, and Paddy O'Boyle, Invent, will give an overview of EI's CF programme and the new streamlined application process.

When: **Wed 23rd Oct 12:00-13:00**

Where: **Seminar Room, Top Floor of the Invent building**

This first info session will focus on ICT-related DCU research (including research carried out in the Faculty of Engineering & Computing, Faculty of Science and Health, Faculty of Humanities and Social Sciences and the Business School).

Typical CF project budgets range from €50k to €250k and are open to both permanent and contract research staff.
