ISS Printing & Copying Support

ISS provide support for printing across all three campuses – All Hallows',
Glasnevin and St. Patrick's. Please contact us if you have any questions or need
support:
http://www.dcu.ie/iss

Print Procurement

ISS do not purchase printing devices or consumables on behalf of schools or units.
All purchasing should be managed at local level including:

- Devices: individual printers, network printers, shared multifunction devices
- Ink/Toners: for any of the devices above
- Paper: for any of the devices above
- ISS Print Devices Recommendations

Where practical, ISS strongly recommend the use of shared multifunction devices. While you may not have a shared device beside you as you might with a personal printer, these large shared devices provide many other advantages:

1. Quicker Setup – getting you connected initially is much easier and quicker
2. Private printing – print jobs only released when you authenticate
3. Cost Savings – economies of scale: purchase, consumables and maintenance
4. Improved Quality – print at a higher quality and speed than smaller personal devices
5. Improved Reliability – regular preventative maintenance as standard
