Bachelor of Arts in Humanities Single Module, Online, Flexible

**** IMPORTANT MESSAGE ****

The purpose of this information sheet is to allow you to view all modules connected to the Qualification, optional and core.

You should print this sheet out and then continue to the next step where your registration will take place.

It is your responsibility to ensure that you register correctly.

Please only register for Modules you have not already completed, and intend to complete this year.

1. The maximum amount of modules you can register for in one academic year is 4 modules

2. Students in their first year must register for the foundation module of a subject but can also register for the immediate post-foundation module as shown below

HIS1001 -> HIS1002

LIT1048 -> LIT1049

PHE1005 -> PHE1006

3. From your second year you cannot take two even or odd numbered modules in the same subject in the one academic year e.g. you cannot register for LIT1050 and LIT1052 in the same year.

3.1 The following modules count as even numbered modules: PHE1007:

Philosophy of Education, Teaching, Pedagogy and Practice, LIT1049: Literature of the Twentieth Century, LIT1051: The Renaissance and LIT1053: Contemporary &

Late Twentieth Century Literatures.

3.2 The following modules count as odd numbered modules: PHE1008: Philosophy and Religion: Historical and Contemporary Relationships, LIT1048: What is Literature?, LIT1050: Literature of the 17th & 18th Centuries and LIT1052: Literatures of the 19th Century: Romanticism to Victorianism.

4. It is advisable for students who wish to register for HIS1005 to not take this module along with HIS1006. This module requires students to complete a research paper which requires a high level of commitment.

5. Students must have previously completed at least four History modules before registering for HIS1006.

6. PHE1010, LIT1053, HIS1006: Please note these are advanced modules and involve the completion of a dissertation. This type of module requires a high level of commitment and therefore students should carefully consider registering for this module along with other modules. Many students find it desirable to take this type of module on its own, or with one other module (the feasibility of taking this module in combination with other modules will of course depend on the capability of the student and the amount of time the student can dedicate to their studies).

7. Students who seek to enter directly into intermediate or advanced modules, through the BASM programme, may be asked to provide evidence of appropriate previously achieved learning that would allow them to engage with such a module. Entry may be refused to advanced modules. In order to ascertain if you are eligible to enter directly into intermediate or advanced modules please contact the programme chair

Optional Modules
