

An aerial photograph of a busy pedestrian plaza, likely in a city center. The pavement is light-colored and features a network of dark lines that create a grid-like pattern. Numerous people are walking across the plaza, some in groups and some alone. The overall scene is one of active movement and connectivity. A large, semi-transparent teal rectangle is overlaid on the right side of the image, containing the title text.

Fulbright 2021

- **2021-2022 Fulbright Irish Awards Launched Today!**
- **Monday 31st August 2020:** The 2021-2022 Fulbright Irish Awards were launched today with an application deadline of 2 November 2020.
- These Awards will provide opportunities for passionate Irish and EU students, scholars and professionals to undertake programmes and collaborate with experts at a U.S. institution or organisation of their choice, from August 2021-August 2022.
- The Fulbright Commission in Ireland's mission is to fortify Irish and American collaboration through exchanges of talent, knowledge and scholarship. Global Fulbright Alumni have achieved distinction in many fields, and include 60 Nobel Prize recipients, 88 Pulitzer Prize winners, and 37 who have served as a head of state or government.
- With an emphasis on cultural immersion and building long-term academic and professional connections, the Fulbright programme selects excellent candidates from all over Ireland to work with top U.S. Institutions.
- The Awards are open to all disciplines and backgrounds. The Fulbright Commission in Ireland partners with local and international agencies to offer additional funding in the areas of Culture and Heritage, Health, Geoscience, Agriculture, Environmental Protection, Business Innovation, Law, Cybersecurity and Irish language.
