User Guide Objectives
This user guide will show you how to:

- Log in to TORA
- Find out if you have any applications awaiting PI approval
- Approve the application
- Identify who to contact for further queries

Logging in to TORA
1. The TORA homepage can be accessed by clicking on the box titled “TORA” on the Research Support website. This will bring you to the TORA homepage.
2. On the TORA Homepage, click on the “Click Here to Access TORA” link and you will be brought to the log in screen.

Log in using your usual DCU AD username and password and type AD in the domain field.
Approving an Application

Depending on your access rights, your Home Page on Agresso may look similar to the screenshot below. If you have any tasks, you will see a number indicated in the top right hand corner (1).

1. Click on the number and your tasks will appear in a drop down list (1). Note that this list contains your Agresso tasks, which could include a request to approve a TORA form or could also include actions relating to other areas of Agresso (e.g. purchase orders). To approve your TORA form, click on the Form detail in your task list (2) and your TORA Form will open.

2. Once you have checked the details of the TORA application form and are happy to approve it, click the “Approve” button (1) at the bottom of the screen. A green banner will appear at the top of the form confirming that the form has been submitted.
Workflow & Approval

Once you have submitted your form it will be in workflow and it will go to Research and Innovation Support (RIS) or the Graduate Studies Office (GSO) for review and approval (which Office it goes to will be determined by the call/scheme selected). Once approved, it will then go to the Finance Office. The PI may receive communications and feedback from each of the Offices as it goes through workflow. The PI will receive an email confirming institutional approval once it has been approved by both Offices.
