

## **Press Release: International Federation on Ageing to Host 16th Global Conference in Bangkok, Thailand**

30 March 2023

Bangkok, Thailand - The International Federation on Ageing (IFA) is proud to announce its 16th Global Conference, which will take place in Bangkok, Thailand from June 27-30, 2023. The conference will be held at the Bangkok Convention Centre, bringing together experts from around the world to discuss the most pressing issues related to ageing.

The conference will focus on several key themes, including digital technologies, older women, maintaining and improving function, immunisation, and age-friendly environments. These themes will be explored through a series of presentations, panel discussions, and interactive workshops led by experts in the field of ageing.

With the world's ageing population growing rapidly, it has become more important than ever to address the challenges and opportunities that come with an ageing population. The IFA's 16th Global Conference aims to provide a platform for experts to share knowledge, exchange ideas, and develop strategies to address these challenges.

"The IFA's 16th Global Conference is a unique opportunity for stakeholders to come together and share their expertise on ageing," said Dr. Jane Barratt, Secretary-General of the IFA. "We are thrilled to be hosting the conference in Bangkok, Thailand, and we look forward to welcoming delegates from around the world to engage in important discussions and learn from one another."

Registration for the conference is now open, and delegates are encouraged to sign up early to secure their spot. To register, please visit <https://www.ifaconf.ngo/register/>.

### **About the International Federation on Ageing:**

The International Federation on Ageing (IFA) is an international non-governmental organization with a membership base of NGOs, industry, academia, government, and individuals. The IFA is committed to promoting the rights, dignity, and health of older adults around the world, and to advocating for policies and programs that help older adults live healthy and fulfilling lives.
