Expose Your Research

Visual Communications Competition for Research Students

The main category in this competition challenges you to capture your research in a single image. This visual will encapsulate an aspect of your research topic in an artistic manner.

A second category within the competition invites research students to capture an image of the ‘Researcher Life’, in the broadest sense. Entrants will submit a photograph of what it is like to be a researcher at DCU.

— ‘Research Image’ Category Prize: €300
— ‘Researcher Life’ Category Prize: €150

Deadline for submission of images:
4.00pm on Friday 14th September 2018

A panel of external judges will select a shortlist of entries, which will be printed and displayed in DCU. A showcase event will take place in late 2018, where prize-winners will be announced.

For details on the competition and how to enter visit: www.dcu.ie/graduatestudies/ExposeYourResearch.shtml
