

Key points from the HEA'S Graduate Outcomes Survey: Class of 2017*

Survey conducted 9 months after completion of study, with a 58% response rate for university graduates. The report notes that:

- 1733 students graduated with a research degree in 2017
- 63% of postgraduate research graduates in employment were in professional occupations. 19% were in postdoctoral research positions
- 83% were employed in Ireland
- High employment outcomes were reported for all fields of study
- See the HEA's full report [here](#)
