

MARCH 9 | 11, 2017

Employability & Competences

innovative curricula for new professions

International Conference
University of Florence

Final Event of the Project PRIN2012LATR9N

March 8, 2017

Department of Education and Psychology

Altana Room - IV floor
via Laura, 48 | Florence

Il seminario ha l'obiettivo di fornire ai partecipanti metodi e strumenti di formazione *work-related* al fine di sostenere negli studenti lo sviluppo di competenze e capacità legate all'*employability*. Si configura come un'attività del servizio di Placement volta a supportare la transizione al lavoro di studenti e dottorandi attraverso strategie formative innovative.

The workshop intends to develop didactic work-related tools that support the development of students' employability in terms of knowledge and capabilities. It represents a Placement dissemination event aimed at fostering Masters and PhD students' transitions from University to Work through innovative educational methods.
