

**Dublin City University**  
**Faculty of Science & Health**  
**School of Biotechnology**  
**Lecturer in Bioprocess Engineering**  
**(9 Month Contract)**

**Introduction:**

The School of Biotechnology is a strategic unit of the Faculty of Science and Health at Dublin City University. The School is unique in having established expertise in biochemistry, genetics, microbiology, immunology, molecular virology, bioinformatics and process engineering within a single departmental unit, thus encouraging inter-disciplinary teaching and research.

The School is an active centre of basic and applied research. Members of staff have collaborative links with national and international research laboratories and attract funding from many sources including Science Foundation Ireland, the Health Research Board, the HEA, the European Union, the Wellcome Trust, Embark-IRCSET, the World Health Organisation, Enterprise Ireland, the Irish Cancer Society, the Department of Agriculture, Fisheries and Food, Teagasc and Industry. Moreover, members of staff are involved in teaching at both undergraduate and post-graduate degree level.

**Lecturer in Bioprocess Engineering:**

The School of Biotechnology at DCU seeks to recruit a Lecturer in Bioprocess Engineering on a nine month fixed term contract basis to start early January. Applicants for the post must have an honours degree, and preferably a PhD, in chemical engineering or bioprocess engineering. The successful candidate should have experience in the development, coordination and teaching of bioprocess engineering modules at both undergraduate and postgraduate level. S/he will also have experience of supervision of postgraduate students, of publishing in international research journals and of applying for national and international research grants.

The post holder will be expected to contribute directly to undergraduate and postgraduate degree programmes, supervision of laboratory sessions, and student mentoring/ tutoring. S/he will be required to give lectures in basic bioprocessing and environmental technology as well as coordinating a second year laboratory module in chemical engineering. In addition, s/he may be required to supervise final year and/or Masters level research projects. The post holder will be required to undertake certain administrative functions related to the activities of the School of Biotechnology. Such duties will be defined by the Head of School.

**Informal enquiries to:**

Dr Ciarán Fagan, Head of School of Biotechnology, Dublin City University, Dublin 9.

E-mail [ciaran.fagan@dcu.ie](mailto:ciaran.fagan@dcu.ie) Tel: +353 (0)1 700 5288 or +353 (0)1 700 5284

**Salary Scale:**

Lecturer (above bar): €50,159 - €76,891

Lecturer (below bar): €41,502 - €51,724

€37,352 - €46,552\*

*\*Applies to new entrants to the public sector after 01 January 2011*

*Appointment will be commensurate with qualifications and experience*

**Closing date: 5<sup>th</sup> December 2014**

**Application forms are available from:** [www.dcu.ie/vacancies/current.shtml](http://www.dcu.ie/vacancies/current.shtml) and from the Human Resources Department, Dublin City University, Dublin 9. Tel: +353 (0)1 700 5149 Fax: +353 (0)1 700 5500
