RESEARCH AND INNOVATION SUPPORT
Research Officer (Grade V) For the Education Discipline
(12-Month Fixed Term Contract)

Background & Role
The DCU Incorporation Programme is the planned coming together of St Patrick’s College, Drumcondra, Mater Dei Institute of Education and Church of Ireland College of Education with Dublin City University. The vision of the DCU Incorporation Programme includes a new Institute of Education and an enhanced Faculty of Humanities & Social Sciences (FHSS) that will incorporate the combined strengths of the four institutions.

Dublin City University (DCU) is a dynamic research-intensive institution which has experienced a rapid increase in its research activities as a result of continuing success in attracting significant external competitive research funding from national and international sources over the last ten years. In accordance with the University’s commitment to enhance the research environment and deliver on the ambitious goals for socio-economic impact within its strategic plan, applications are sought for a suitably qualified and highly motivated individual for the position of Research Officer within Research and Innovation Support (RIS) supporting the DCU Incorporation Programme with particular focus on the Education discipline.

Function
The Research Officer will support the Incorporation of the Education focused academics and will be responsible for providing a highly professional, proactive and comprehensive research support function for the DCU research community as part of the wider Research Support team.

Duties and Responsibilities
Reporting to the Director of Research Support or their nominee, the Research Officer will support a range of research support activities within RIS that include, but are not limited to, the following:

- Work with RIS and the Hubs in order to provide mentoring and assistance to Education staff in DCU, and in the associated colleges, in attracting external research funding for research and developing their research activity.
- Provide professional and specialist advice to academic and research staff on all aspects of pre- and post-award activity, specifically in the field of Education.
- Carry out studies of research activity and capability in key areas so as to support the university research strategy
- Implement best practice in managing the application and award management process for external and internally funded research programmes
• Maintain an in-depth specialist knowledge of the National and European research funding environment, specifically opportunities in the field of Education
• Promotion, maintenance and administration of internal research initiatives
• Work closely with the RIS team in order to provide an integrated approach to supporting the academic and research community
• Develop a detailed knowledge of the research activity, expertise and facilities that will be part of the new enhanced Education Faculty, and a deep understanding of the needs of the staff in this area in order to be able to determine the best way to assist it to reach the strategic targets for research.
• Engage in an effective process of dissemination of opportunities for research funding that would be suitable for the new Faculty, including opportunities for consultancy and contract, and collaborative research with suitable enterprises (commercial, non-commercial, cultural, etc.).
• Provide hands on assistance for the development of proposals for research to staff with different skill levels and experience in proposal writing. This may include support with impact statements, management, training, strategic relevance, gender sections of the proposal, and liaise with relevant colleagues in RS, Hubs or platforms as required.
• Provide assistance with submission to external funding agencies on occasions when the use of external online submission systems may be challenging for the applicant.
• Provide assistance in gathering of relevant research activity metrics
• Any other relevant task as assigned by the Director of Research Support

Experience & Qualifications
Candidates must hold a primary degree or equivalent (NFQ Level 7) plus a minimum of 3 year’s relevant experience. Ideally, applicants will hold a Masters by Research or a PhD in the field of Education.

Experience working in a Research Support role or having attracted their own research funding would be a distinct advantage. Applicants should have knowledge of national and international funding programmes and an appreciation of global trends in research funding and administration.

Experience of research information systems, legal and ethical aspects of research contracts and awareness of the process of commercialisation of research outputs would be a considerable advantage. Excellent interpersonal, oral and written communication skills and the ability to function as part of a highly motivated team are essential.

Salary Scale: €45,452 to €54,974*

*Appointment will be commensurate with qualifications and experience.

Closing Date: 27 November 2015
