

**Dublin City University**  
**Faculty of Science & Health**  
**Administrative Officer**  
**Fixed Term Contract up to Three Years**

**General Information**

The Faculty of Science and Health at DCU comprises the Schools of Biotechnology, Chemical Sciences, Health and Human Performance, Mathematical Sciences, Nursing and Human Sciences and Physical Sciences together with three National Research Centres and a number of large scale research programmes. The administrative infrastructure which supports the Faculty structure and activity is the remit of the Faculty Administration Office.

**Function**

The post holder will provide a professional and comprehensive administrative service in support of a range of activities within the Faculty of Science and Health, as part of the faculty administration team. This post is intended to support the faculty in attaining its strategic objectives and to respond to emerging developments.

**Duties and Responsibilities**

The post holder will provide comprehensive administrative support in a number of specified areas, as determined by the faculty manager or nominee(s). The areas for which the post holder will be responsible are multi-faceted in nature. The roles will involve the use of multiple business systems, adherence to strict deadlines, the ability to deal efficiently with large volumes of data and to simultaneously progress multiple processes. Due to ongoing developments within the faculty and the university at large, the range of duties and responsibilities of the post holders will be subject to change

The principle duties and responsibilities of the posts may include, but are not limited to the following:

- Examination and assessment administration including the processing of large volumes of results within specified timeframes; maintaining data accuracy, quality and integrity; producing reports and providing support for internal review and examination boards; advising on and ensuring compliance with relevant regulations.
- School of Nursing student placement support including inputting of student data into the ITS system; monitoring of agreements; liaison with programme coordinators and with external clinical partner services; engagement with relevant university units.

- Academic programme administration including comprehensive support for programme boards – arrangements for meetings including preparation of all relevant documentation, recording minutes of meetings and follow up in line with university processes and committee requirements; giving guidance on university regulations; supporting programme accreditation and review.
- Timetabling including preparation of teaching allocations in conjunction with Heads of School and other relevant stakeholders; planning for and generating timetables for a large number of undergraduate and postgraduate programmes currently using Scientia resource management software, and ensuring that the requirements of each programme, school and student group are met.
- Research administration including support for research student registration; scholarships; competitive funding schemes, and associated processes, e.g. expense claims, staff requisitions, allocation of research space, account queries and reporting.
- Student recruitment and faculty promotion including production and maintenance of programme print materials and on-line content; participation and support for student recruitment events; working closely with academic colleagues and relevant stakeholders to support digital campaigns, advertisements, visual content, and video and photographic content.
- General faculty administration and records management in line with General Data Protection Regulation (GDPR) requirements and university policy including Freedom of Information (FOI) requests.
- Participation in and contribution to school, faculty and university working groups and committees and infrastructural development projects.
- Any other duties which may be assigned from time to time by the Dean or his/her nominee.

### **Person Specification**

Applicants for this post must hold a degree and have a proven track record in administration in a complex or large-scale organisation, preferably in a higher education environment. Applicants must possess strong IT and project management skills and be able to demonstrate competence in the use and deployment of a wide variety of business system.

The successful applicants will be well-organised, able to coordinate and progress tasks associated with the post on their own initiative, and contribute to the on-going development and refinement of administrative processes. They will be flexible, possess an ability to work effectively as part of a wider administrative team, and have excellent written, communication and interpersonal skills.

We welcome applications from candidates who have a demonstrable track record in effectively administering multifaceted processes and operations, and/or who have participated in company or institution wide projects. The capacity to discharge these duties through the medium of Irish would be an advantage but not essential.

## **Key Competencies**

### **1. Building and Maintaining Relationships**

Ability to develop and maintain good working relationships with colleagues and others in a supportive manner, within and outside the organisation. Ability to show respect for the contribution of others.

Experience of working successfully in a team environment.

### **2. Communication**

Communicates in a clear manner and actively listens and engages to gain understanding. Uses a variety of communication methods in a professional way and appropriate to the audience. Can communicate the demands of the task at hand to relevant stakeholder in an engaging and convincing manner in order to progress the project effectively.

### **3. Personal Effectiveness and Excellence**

Continuously strives to learn about how things are done, why they are done that way, how they can be improved and how the role impacts on everything.

Is effective in planning, organising and managing their workload and in sharing information.

Strives to achieve the highest standards in the completion of tasks, has effective time management skills and the ability able to multi-task and prioritise in a busy deadline driven work environment.

### **4. Problem Solving and Decision Making**

Demonstrates capacity to analyse and interpret information to identify key issues when solving problems, and knowing when to consult with others to inform decision making.

**Salary Scale:** \*€35,321 - €52,791

*\*Appointment will be commensurate with qualifications and experience and will be made on the appropriate point of the Administrative Assistant grade IV salary Scale, in line with current Government pay policy.*

**Closing Date:** 7<sup>th</sup> June 2019
