

Applications are invited from suitably qualified candidates for the following position:

Postdoctoral Researcher, Bioinformatician Computational Biology

National Institute for Cellular Biotechnology

Fixed Term Contract – 14 months

This position is open to candidates who meet the following criteria:

- PhD in Bioinformatics/Computational Biology
- Experience with processing, analysis and visualisation of DNA/RNA sequencing data
- Enthusiastic and willing to work on research projects as part of a multidisciplinary team working closely with laboratory scientists and clinicians.

Research Career Framework

As part of this role the researcher will be required to participate in the DCU Research Career Framework <http://www.dcu.ie/hr/ResearchersFramework/index.shtml>. This framework is designed to provide significant professional development opportunities to Researchers and offer the best opportunities in terms of a wider career path.

Mandatory Training

The post holder will be required to undertake the following mandatory compliance training: Orientation, Health and Safety and Intellectual Property and Data Protection training. Other training may need to be undertaken when required.

Salary Scale: €37,874 – €42,559*

*Appointment will be commensurate with qualifications and experience and will be made on the appropriate point of the salary scale, in line with current Government pay policy.

Closing date: 1st October 2019

Candidates will be assessed on the following competencies:

Discipline Knowledge & Research skills – Demonstrates knowledge of a research discipline and the ability to conduct a specific programme of research within that discipline **Understanding the Research Environment** – Demonstrates an awareness of the research environment (e.g. funding bodies) and takes responsibility for how their research is conducted

Communicating Research – Demonstrates the ability to communicate their research with their peers and the wider research community (for example presenting at conferences and publishing research in relevant journals) and the potential to teach and tutor students

Managing & Leadership skills – Demonstrates the potential to manage a research project including the supervision of undergraduate students

Informal Enquiries in relation to this role should be directed to:

All enquiries to Dr Naomi Walsh, Senior Research, National Institute for Cellular Biotechnology (NICB), School of Biotechnology, DCU - naomi.walsh@dcu.ie / 01 7005912

Please do not send applications to this email address, instead apply as described below.

Application Procedure:

Application forms are available from the DCU Current Vacancies (open Competitions) website at <http://www.dcu.ie/vacancies/current.shtml> and also from the Human Resources Department, Dublin City University, Dublin 9. Tel: +353 (0) 1 7005149.

Please clearly state the role that you are applying for in your application and email subject line: **Job Ref: #RF1273 Postdoctoral Researcher, Bioinformatician Computational Biology**

Applications and CV should be submitted by email to hr.applications@dcu.ie or by Fax: +353 (0)1 7005500 or by post to the Human Resources Department, Dublin City University, Dublin 9.

Dublin City University is an equal opportunities employer
