

Applications are invited from suitably qualified candidates for the following position

**ICT Senior Network Engineer  
Professional 6 (P6)  
Information System Services (ISS)  
Full Time Permanent Contract**

**Dublin City University**

Dublin City University (DCU) is a young, ambitious and vibrant university, with a mission 'to transform lives and societies through education, research, innovation and engagement'. Known as Ireland's 'University of Enterprise', DCU is a values-based institution, committed to the delivery of impact for the public good. DCU was named Sunday Times Irish University of the Year 2021.

DCU is based on three academic campuses in the Glasnevin-Drumcondra region of north Dublin. More than 18,000 students are enrolled across five faculties – Science and Health, DCU Business School, Computing and Engineering, Humanities and Social Sciences and DCU Institute of Education.

DCU is committed to excellence across all its activities. This is demonstrated by its world-class research initiatives, its cutting-edge approach to teaching and learning, its focus on delivering a transformative student experience, and its positive social and economic impact. The university continues to develop innovative programmes in collaboration with industry, such as the DCU Futures suite of degrees, which are designed to equip graduates with the skills and knowledge required in a rapidly evolving economy.

DCU's pursuit of excellence has led to its current ranking among the top 2% of universities globally. It is also one of the world's Top Young Universities (QS Top 100 Under 50, Times Higher Top 150 Under 100). In the Times Higher Education University Impact Rankings 2021, DCU ranked 23rd in the world for its approach to widening participation in higher education and its ongoing commitment to eradicating poverty, while it ranks 38th globally for its work in reducing inequality and 89th globally for gender equality.

The university is ranked 23rd in the world and first in Ireland for its graduate employment rate, according to the 2020 QS Graduate Employability Rankings. Over the past decade, DCU has been the leading Irish university in the area of technology transfer, as reflected by licensing of intellectual property.

## **Overview of the department**

The ISS Department is a central support unit responsible for providing a complete ICT service to the university's various schools, units, research centres and campus companies. In addition to working closely with all stakeholders across DCU to ensure quality service delivery, ISS is responsible for the university's extensive ICT infrastructure estate servicing our three academic campuses. ISS plays a key role in supporting DCU in achieving the objectives set out in its Strategic Plan: Talent, Discovery and Transformation 2017-2022. For further information, please visit <https://www.dcu.ie/iss/>.

## **Role Profile**

Reporting to the Deputy Director of ISS, the Senior Network Engineer will participate in the design and implementation of strategic ICT initiatives with a specific focus on network and communication infrastructure. In addition, the individual will be responsible for assisting real time operational systems, providing advice and guidance on resolving complex technical issues, owning operational processes, and ensuring assistance is provided to meet service level standards. A key focus of the role is continuous improvement and learning of the existing and new technologies being deployed within DCU.

## **Duties and Responsibilities**

Please refer to the job description for a list of duties and responsibilities associated with this role.

## **Qualifications and Experience**

- A Primary Degree and/or post-graduate degree (Master's Degree level or equivalent) in Information Technology, Computer Science or other relevant field.
- 5 plus years of experience with ICT systems, business telecoms and network planning, design, deployment and administration.
- Juniper Networks Certified Professional / Cisco Certified Network Professional (CCNP) would be desirable.
- Sound comprehension of the cross-institutional dimensions of enterprise systems, ICT infrastructure and the associated service delivery within a complex and highly devolved environment.
- Knowledge of Project Design and Management methodologies.
- Significant knowledge of major technological developments influencing enterprise networking and ICT infrastructure provision and management.
- A flexible, adaptable outlook.
- A team player who enjoys working closely with a diverse range of people.
- Self-motivated, showing initiative and sound decision making.
- Commitment to continuing development of both personal and others professional and technical skills.
- Proven capability to work under pressure and deliver benefits in a business critical service environment.
- Excellent communication skills, including ability to communicate, influence and liaise with staff at all levels of the organisation. Able to resolve conflict using appropriate personnel skills.

- Proven ability to produce detailed documentation to a high standard.

#### **Competencies:**

- Significant knowledge and experience of:
  - Enterprise level network design and implementation using Juniper/Cisco routers, switches and firewalls
  - Enterprise scale Wi-Fi design, deployment and maintenance with Aruba
  - VPN technology
  - IT security
  - Evaluation and assessment of new technologies
  - Scripting / programming language (Python)
  - Linux
- Working knowledge
  - Automation toolsets (puppet, chef, Ansible)
  - Hosted cloud services (AWS or Azure)
  - Software development lifecycle
  - Enterprise Server technology
  - Enterprise deployments of VMware
  - Identity management (SSO)
  - API's and related technologies
  - LDAP (Active Directory)
  - Cross system monitoring tools
  - Databases technologies

#### **Essential Training**

The postholder will be required to undertake the following essential compliance training: Orientation, Health & Safety and Data Protection (GDPR). Other training may need to be undertaken when required.

#### **Salary Scale:**

Professional 6 (P6): €55,045.00 - €78,413.00.

Appointment will be commensurate with qualifications and experience and in line with current Government pay policy

**Closing date: *Thursday, 28<sup>th</sup> July 2022***

**For more information on DCU and benefits, please visit [Why work at DCU?](#)**
