

FACULTY OF ENGINEERING AND COMPUTING

Programme Regulations 2022-2023

Programme Title	BEng Mechanical and Sustainability Engineering
Programme Code	SSE
Offered on a full-time or part-time basis	Full Time (01)

Note: *Programme Regulations should be read in conjunction with Marks and Standards which can be found at <https://www.dcu.ie/ovpaa/Policies-and-Regulations.shtml>*

1. Programme Specific Rules and Requirements

1.1 Calculation for the Award Classification

The calculation of the final year award classification includes contributions from previous years' results as follows:

Year contribution	Contribution to the award classification
Year 2	10%
Year 3	15%
Transfer student into	
Year 3 with no year 2 contribution	15%

1.2 Module Calculation (specific modules)

There are modules on this programme where the module mark will be calculated as the greater of (a) the weighted average of the continuous assessment percentage mark and the terminal examination percentage mark or (b) the terminal examination mark.

The modules are as follows:

<i>Module Code</i>	<i>Module Title</i>
PS218	Physics of Renewable Energy

2. Derogations from Marks and Standards

Marks and Standards apply.

3. Progression

3.1 Credits for progression

Students must have successfully completed a minimum of 60 credits in a study period in order to progress to the next study period, accepting circumstances as outlined in point 3.2.

3.2 Carrying of modules

Students will not be permitted to “carry” modules except in exceptional circumstances and subject to the approval of the Progression and Award Board and mode of delivery permitting.

3.3 Exit Awards

In the case that students have exhausted all attempts at SSE4, or where otherwise authorised by the SSE Program Board, the student may be offered with a BSc in Mechanical and Sustainability Technology as an early-exit award providing they meet the requirements (15-credits from 4th year modules). The grade for the exit award would be based on a precision mark calculated from the credit-weighted average of the marks achieved in the non-INTRA modules from the third year of the target programme, along with the highest scoring 15 credits successfully completed from the fourth year.

4. Compensation

Compensation may apply, within the regulations specified in Marks and Standards.

5. Resit Categories

The resit categories of modules on this programme and an explanation of those categories can be found at:
(N.B. for information purposes: this link will be updated and relevant to the SSE programme)
