1. Programme Specific Rules and Requirements

1.1 Calculation for the Award Classification

1.1.3 The calculation for the Award Classification will be based on the precision mark achieved in Year 4 of the programme undertaken at DCU for all students who take the Year Abroad option in their third year (BSSCII3) in 2022/2023 and complete Year 4 (BSSCII4) in 2023/2024 or in a subsequent year.

1.2. It will not be possible for any internal students to transfer to the BSSCI programme in Year 3 from another programme.

1.3 Year Abroad

Application Regulations

1.3.1 The Year Abroad option is available after Year 2 only..

1.3.2 Where places are limited, applicants for the Year Abroad are ranked on the basis of academic performance, whereby a weighted combination of precision marks from Year 1 and Semester 1 of year 2 shall be used to determine choice ranking. In certain cases exceptional circumstances may be taken into account when allocating destinations.

- 1.3.3 Students should have passed (except for extenuating circumstances or postponement) all their Semester 1 modules in Year 2 with a minimum classification of second class honours grade 2 before they apply for Year Abroad .
- 1.3.4 Students must have passed all Year 2 modules before being allowed to register for Year Abroad. Students carrying modules into Year 3 are not permitted to register for Year Abroad.
- 1.3.5 Applications are processed by the Year Abroad coordinator and the International Office, and the Programme Board shall be guided by him/her in relation to the number of available places and the ranking of applicants. Decisions of the Programme Board are final and binding.

Registration Regulations

- 1.3.6 Students taking the Year Abroad are required to sign a Learning Agreement that outlines the modules being taken at the host institution. Students are required to consult their Year Abroad coordinator when preparing their learning agreement and update it as needed during the year abroad.
- 1.3.7 Students must pass a minimum of 60 credits in order to pass the Year Abroad. These credits should be from modules which relate to the BSSCI programme, and should not be duplicates of modules which the student has already completed in year 1 or 2 of the programme.
- 1.3.8 Where 60 credits have not been secured, students are required to re-sit failed elements of the Year Abroad coursework at the relevant partner institution.
- 1.3.9 Where the relevant partner university does not allow for re-sits and where students have accumulated a minimum of 50 of the 60 DCU-equivalent credits required for progression in to Year 4, the relevant Head of School in conjunction with the programme Chair, may set re-sit assessments to be completed at DCU. The deadlines for such re-sit assessments shall be determined by the Programme Board or Standing Committee.
- 1.3.10 Students who fail the Year Abroad in Year 3 and who do not wish to engage in re-sits, or who do not wish to repeat the Year Abroad, must apply to transfer to the non-international strand of the degree (Year 3 in DCU). As this constitutes a **repeat year**, there are significant fees implications with students being liable for full fees. This issue is not overseen by the Programme Board or Programme Chair, and is dealt with and controlled by the DCU Fee Offices.

Information regarding host institutions students can study at while on Year Abroad
