**October 2023**

# Dublin City University

**Dublin City University (DCU) is a leading innovative European University. It is proud to be one of the world's leading Young Universities and is among the world's top 2% globally. DCU is known as Ireland's University of Impact, with a mission to 'transform lives and societies' and focuses on addressing global challenges in collaboration with key national and international partners and stakeholders.**

DCU has over 20,000 students in five faculties spread across three academic campuses in the Glasnevin-Drumcondra area of North Dublin. Thanks to its innovative approach to teaching and learning, the University offers a 'transformative student experience' that helps to develop highly sought-after graduates. DCU is currently No. 1 in Ireland for Graduate Employment Rate, and for graduate income (CSO).

DCU is a research-intensive University and is home to a number of SFI-funded Research Centres. The University participates in a range of European and international research partnerships. DCU is also the leading Irish university in the area of technology transfer as reflected by licensing of intellectual property. As a 'People First' institution, DCU is

committed to Equality, Diversity and Inclusion - a University that helps staff and students to thrive. The University is a leader in terms of its work to increase access to education, and is placed in the world's Top 10 for reducing inequalities in the Times Higher Education Impact Rankings.

## School of Nursing, Psychotherapy and Community Health

The School of Nursing, Psychotherapy and Community Health, Faculty of Science and Health at Dublin City University leads in advancing population and patient health, inclusion and well-being through education, research, practice, and policy development. Our multi-disciplinary and multi-professional School has gained national and international recognition for its diverse range of innovative undergraduate, postgraduate, and professional development programmes across Nursing, Psychotherapy and Community Health. The programmes currently offered are:

- B.Sc. in Nursing across four disciplinary areas: General Nursing, Mental Health Nursing, Children's and General Integrated Nursing, and Intellectual Disability Nursing
- Higher Diploma (Post-Registration) in Children's Nursing
- B.Sc. in Health and Society
- M.Sc. in Child and Family Health and Wellbeing
- M.Sc. in Health and Social Inclusion
- M.Sc. in Specialist Nursing
- M.Sc. in Advanced Nursing Practice (Saudi Arabia)

- M.Sc. and Doctorate in Psychotherapy
- Professional Diploma in Clinical Supervision
- Certificate in Homelessness Prevention and Intervention
- Graduate Certificate in Sexuality Education and Sexual Wellbeing
- Stand-alone professional development modules for healthcare practitioners
- Certificate in Peer Support working in Mental Health

Through our accredited education programmes, the School is committed to the provision of education for nurses and other learners' which equips them to take leadership roles and provide excellence in care and practice, placing them at the heart of tackling contemporary healthcare and societal challenges and achieving the best possible care outcomes. The School's portfolio of research inquiry delves into every aspect of 21st century health and well-being across nursing, community health, psychotherapy, and societal health innovations, to improve the health, inclusion, and well-being for everyone in society.

# Role Profile

The School of Nursing, Psychotherapy and Community Health is seeking to appoint an exceptional internationally recognised candidate to the level of Full Professor of Nursing. Committed to the pursuit of sustained performance and significant achievement in research, and teaching excellence, the successful candidate will provide academic leadership in nursing. The appointee will make a substantial contribution to the School's strategic direction and growth aligned with the Faculty's and University's ambitious strategic goals. The appointee will lead a national and international role in research and scholarship, undergraduate and postgraduate teaching and learning, and in service and contribution to the university and society through leadership, management and administration responsibilities. The appointee will strengthen nursing research and innovation, education, leadership, and partnerships with external health service providers. The successful candidate will play a significant role in advancing the mission, vision and values and strengths of the School, Faculty of Science and Health, and Dublin City University. The post is based on the Glasnevin Campus and the appointee will report to the Head of School.

## Duties and Responsibilities:

The duties and responsibilities of the position include, but are not restricted to, the following:

- Leveraging international research networks to enhance the School's research portfolio
- Enriching the research culture and environment in the School

## Research and Scholarship

To lead research activity in the School by:

- Leading an impactful internationally recognised research programme in nursing
- Publishing innovative ideas and findings of significance in top quartile international journals
- Seeking and attracting funds from external agencies/organisations to support personal and School research initiatives
- Translating research knowledge, aligned with DCU's strategy, to transform lives and societies
- Leading advancement of collaborative and interdisciplinary research within the School and wider University
- Providing effective research mentorship to early career academics
- Leading research dissemination by hosting research conferences, seminars, and workshops
- Enhancing the School's reputation in the international research community via conference presentations, journal editorships, external examining, etc.

## Teaching and Learning

To lead teaching and learning activity in the School by:

- Coordinating and delivering teaching in a manner consistent with the highest academic standards
- Using a wide range of teaching and assessment methodologies to foster a deep approach to learning and which equip students with the skills and attributes needed to be lifelong learners
- Designing and developing new undergraduate and postgraduate programmes
- Enriching the scholarship of teaching within the School
- Fostering a culture of teaching innovation and positive learning environment within the School
- Supervising postgraduate research students and contributing to the School's PhD supervisory process
- Leadership, Service and Contribution to University and Society

- To contribute to the leadership, management and administration of the School by:
- Influencing the School's strategic planning and direction and working collaboratively in delivering on the School's strategic goals
- Delivering management and service roles at School, Faculty and University level to a high standard
- Active engagement in accreditation related activities
- Participating proactively in relevant School, Faculty and University committees, working groups and meetings
- Engaging in, and contributing to, staff development activities
- Contributing to the development and performance of colleagues through coaching, mentorship and peer support
- Enhancing the reputation of the School through engagement in, and leadership of, external academic, business (including consultancy), professional, public sector and community and out-reach activities (approved by the Executive Dean, where appropriate)

### **Leadership, Service and Contribution to University and Society**

To contribute to the leadership, management and administration of the School by:

- Influencing the School's strategic planning and direction and working collaboratively in delivering on the School's strategic goals
- Delivering management and service roles at School, Faculty and University level to a high standard
- Active engagement in accreditation related activities
- Participating proactively in relevant School, Faculty and University committees, working groups and meetings
- Engaging in, and contributing to, staff development activities
- Contributing to the development and performance of colleagues through coaching, mentorship and peer support
- Enhancing the reputation of the School through engagement in, and leadership of, external academic, business (including consultancy), professional, public sector and community and out-reach activities (approved by the Executive Dean, where appropriate)

# Qualifications and Experience

Applicants must possess a primary/advanced degree in nursing and be eligible for registration in a relevant Nursing Division of the Register of Nurses maintained by the Nursing and Midwifery Board of Ireland. Applicants will be qualified to a post-graduate level and must have completed a PhD/Doctorate in nursing or cognate discipline.

The successful candidate will demonstrate:

- evidence of a well-established and impactful research programme
- a proven track record of significant success in attracting external research funding
- an excellent and sustained record of high impact publications with international influence
- a significant track record of excellence and innovation in teaching at undergraduate and postgraduate levels
- distinguished experience in curriculum and programme development
- a proven track record of successful postgraduate research supervision
- evidence of excellence in academic leadership and governance and strategic and innovative thinking
- a proven capacity and willingness to develop, mentor, engage and motivate colleagues and high performing teams
- a demonstrable commitment and record of service at School, Faculty and University level
- evidence of purposeful and impactful external engagement (academia, enterprise community, media and wider society)
- the ability to foster and extend national and international linkages and alliances
- excellent interpersonal and communication skills consistent with the highest quality of teaching, research, management and external engagement, together with evidence of successful teamwork and a collegial approach.

## Essential Training

The postholder will be required to undertake the following essential compliance training: Orientation, Health & Safety and Data Protection (GDPR). Other training may need to be undertaken when required.

## Salary Scale

Full Professor - €132,301 - €167,242

Appointments will be commensurate with qualifications and experience and will be made on the appropriate point of the salary scales, in line with current Government pay policy.

## Closing date:

Friday, 8th December 2023
