

## FACULTY OF SCIENCE AND HEALTH

### Programme Regulations 2022-2023

<b>Programme Title</b>	<b>MSc in Astrophysics &amp; Relativity</b>
<b>Programme Code</b>	<b>MSAR</b>
<b>Offered on a full-time or part-time basis</b>	<b>Full-time</b>

**Note:** *Programme Regulations should be read in conjunction with Marks and Standards which can be found at <https://www.dcu.ie/ovpaa/Policies-and-Regulations.shtml>*

#### 1. Programme Specific Rules and Requirements

The assessment of the project module FSH512 is based on:

- The assessment of the project module FSH512 is based on: Short introductory report, prepared using Latex, on the topic of the student's project.
- Minor presentation, introducing the topic of their presentation.
- Written report.
- Presentation of final results of the project.
- Supervisor's assessment of the student's overall ability to work independently and creatively on their project.

There is no re-sit opportunity for this module. A student who fails the project will be given a single new opportunity (with a fresh project) the following year.

This programme will only run when it is viable to do so. Hence students who fail/defer modules may not be able to repeat/take those modules in subsequent academic sessions, and appropriate substitute modules may not then be available.

#### 2. Derogations from Marks and Standards

Marks and Standards apply.

#### 3. Progression

Full-Time Offering:  
Marks and Standards apply.

**4. Compensation**

Marks and Standards apply.

**5. Resit Categories**

The resit categories of modules on this programme and an explanation of those categories can be found at:
