

## FACULTY OF ENGINEERING AND COMPUTING

### Programme Regulations 2022-2023

<b>Programme Title</b>	<b>Masters Qualifier - Electronic and Computer Technology</b>
<b>Programme Code</b>	<b>MQTY</b>
<b>Offered on a full-time or part-time basis</b>	<b>Full-time (01) and Part-time (02)</b>

**Note: Programme Regulations should be read in conjunction with Marks and Standards which can be found at <https://www.dcu.ie/ovpaa/Policies-and-Regulations.shtml>**

#### 1. Programme Specific Rules and Requirements

##### 1.1 Calculation for the Award Classification

Candidates who pass 30 credits of taught modules may transfer to the Master of Engineering in Electronic and Computer Engineering programme, provided they have obtained a minimum of 50% on any Level 8 taught modules or a minimum pass mark on any Level 9 modules that are counted towards these 30 credits.

Students who have already passed modules from the current MQTY academic structure and have used them as credit for a different qualification, cannot use them again towards accomplishing the 30 credits of the MQTY.

#### 2. Derogations from Marks and Standards

Marks and Standards apply.

#### 3. Progression

##### 3.1 Credits for progression

This is a continuous programme. Once a candidate has met the programme requirements they will be deemed eligible to transfer.

### 3.2 *Carrying of modules*

This is a continuous programme, the carrying of modules does not apply.

### 3.3 *Exit Awards*

Candidates who pass 30 credits at Level 9 on the MQTY, and who decide not to transfer to the Masters programme, may exit with a Graduate Certificate in Electronic and Computer Engineering.

## 4. **Compensation**

Marks and Standards apply.

## 5. **Resit Categories**

The resit categories of modules on this programme and an explanation of those categories can be found at:
