

Applications are invited from suitably qualified candidates for the following position:

**Lecturer in Electronic & Computing Engineering**  
**Lecturer Below Bar**  
**School of Electronic Engineering**  
**Faculty of Engineering & Computing**  
**Three Year Fixed Term Contract**

**Dublin City University**

Dublin City University (DCU) is a leading innovative European University. It is proud to be one of the world's leading Young Universities and is among the world's top 2% globally. DCU is known as Ireland's University of Impact, with a mission to 'transform lives and societies' and focuses on addressing global challenges in collaboration with key national and international partners and stakeholders.

DCU has over 20,000 students in five faculties spread across three academic campuses in the Glasnevin-Drumcondra area of North Dublin. Thanks to its innovative approach to teaching and learning, the University offers a 'transformative student experience' that helps to develop highly sought-after graduates. DCU is currently No. 1 in Ireland for Graduate Employment Rate, and for graduate income (CSO).

DCU is a research-intensive University and is home to a number of SFI-funded Research Centres. The University participates in a range of European and international research partnerships. DCU is also the leading Irish university in the area of technology transfer as reflected by licensing of intellectual property.

As a 'People First' institution, DCU is committed to Equality, Diversity and Inclusion - a University that helps staff and students to thrive. The University is a leader in terms of its work to increase access to education and is placed in the world's Top 10 for reducing inequalities in the Times Higher Education Impact Rankings.

**School of Electronic Engineering**

The School of Electronic Engineering is a research-intensive school that is home to key researchers in research centres such as CONNECT, Entwine, Insight, and I-Form, in addition to particular strengths in optical and terahertz research, semiconductor characterization, communications, computer vision and medical imaging. The School provides a supportive environment for research, and its PhD research students and postdoctoral researchers produce work of significance at both national and international level. With close industry links, the School's teaching and research

programmes reflect the current and anticipated needs of Ireland's industrial and commercial sectors, while at the same time meeting the most rigorous national and international academic standards. For further information, visit: <https://www.dcu.ie/electronics> and <https://ece.eeng.dcu.ie>

## **Relationships**

The position holder will report to the Head of School and work closely with other colleagues, including the School Teaching Convenor, the Associate Dean of Teaching and Learning, and industry partners. Building positive relationships with professional support staff and with technical and pedagogy specialists, and engagement with key stakeholders within and outside of DCU, are important aspects of this role.

## **Duties and Responsibilities: Principal Duties and Responsibilities**

Please see attached job description for principal duties and responsibilities of the role.

## **Qualifications, Skills and Experience Required**

The candidate must hold a Master's degree in a relevant discipline as some of the teaching will include taught postgraduate students, and they should ideally be working towards a doctoral-level qualification in Electronic Engineering or a related discipline.

- Experience gained in the public or private sector in a post for which the entry requirements include a primary degree at honours level or equivalent (NFQ Level 8) on the basis of one year's credit for one full year's experience.
- Applicants must have relevant teaching experience to be able to immediately take on the topics mentioned, ideally including experience in online or technology-assisted teaching.
- Applicants should be comfortable in teaching through the medium of English.

The successful candidates should ideally have a minimum of three year's relevant experience which may include:

- Time spent in postgraduate training or study for a higher degree.
- Teaching experience at second level in an appropriate area on the basis of one year's credit for two full years' experience.

## **Essential Training**

The postholder will be required to undertake the following essential compliance training: Orientation, Health & Safety, Data Protection (GDPR) and all Cyber Security Awareness Training. They will also be expected to engage with DCU/ADAPT training on Gender, Equality, Diversity and Inclusion. Other training may need to be undertaken when required.

**Salary Scale:** Lecturer Below Bar Salary Scale - €44,125 - €60,422

*\*Appointment will be commensurate with qualifications and experience will be made on the appropriate point of the salary scale, in line with current Government pay policy.*

**Closing date:** Tuesday 19<sup>th</sup> September 2023
