Applications are invited from suitably qualified candidates for the following position:

**Administrative Assistant**  
Faculty of Engineering and Computing  
Professional 4  
2 Year Fixed Term Contract

**Dublin City University**

Dublin City University (DCU) is a young, ambitious and vibrant university, with a mission ‘to transform lives and societies through education, research, innovation and engagement’. Known as Ireland’s ‘University of Enterprise’, DCU is a values-based institution, committed to the delivery of impact for the public good. DCU was named Sunday Times Irish University of the Year 2021.

DCU is based on three academic campuses in the Glasnevin-Drumcondra region of north Dublin. More than 18,000 students are enrolled across five faculties – Science and Health, DCU Business School, Computing and Engineering, Humanities and Social Sciences and DCU Institute of Education.

DCU is committed to excellence across all its activities. This is demonstrated by its world-class research initiatives, its cutting-edge approach to teaching and learning, its focus on delivering a transformative student experience, and its positive social and economic impact. The university continues to develop innovative programmes in collaboration with industry, such as the DCU Futures suite of degrees, which are designed to equip graduates with the skills and knowledge required in a rapidly evolving economy.

DCU’s pursuit of excellence has led to its current ranking among the top 2% of universities globally. It is also one of the world’s Top Young Universities (QS Top 100 Under 50, Times Higher Top 150 Under 100). In the Times Higher Education University Impact Rankings 2021, DCU ranked 23rd in the world for its approach to widening participation in higher education and its ongoing commitment to eradicating poverty, while it ranks 38th globally for its work in reducing inequality and 89th globally for gender equality.

The university is ranked 23rd in the world and first in Ireland for its graduate employment rate, according to the 2020 QS Graduate Employability Rankings. Over the past decade, DCU has been the leading Irish university in the area of technology transfer, as reflected by licensing of intellectual property.

**Faculty Overview**

The Faculty is home to three Schools and hosts or participates in a number of large-scale research centres. We offer degree programmes at Bachelors, Masters and PhD levels, while online Level 9 courses are now enabling those in employment to upskill in sought after areas. Our graduates continue to be highly sought after by industry, and their continued employability is assured through the Faculty’s ever-deepening links with industry partners and an evolving curriculum that allows real-world work experience, industry-led team challenges and global engagement in line with DCU’s internationalisation strategy.
The Centre for Doctoral Training in Advanced Metallic Systems (AMSCDT) is a joint venture between Dublin City University, University College Dublin, University of Sheffield, and University of Manchester. AMSCDT is committed to provide high quality training to the next generation of globally competitive doctoral level graduates with the knowledge, skillset, and mind set to lead the future Ireland advanced manufacturing industry. All of our students have an industrial sponsor.

Funded through HCI Pillar 3, the Certificate in Innovative Materials for Industry 4.0 is designed as per the HCI 3 project application to be a programme in advanced manufacturing tailored to professionals seeking a comprehensive upskilling in state of the art Industry 4.0 materials processing technologies and concepts. The programme will upskill the participants to enable Irish industry to be competitive through the digital transformation in their (manufacturing/engineering) companies. The programme content includes the required elements of challenge-based learning and training in transversal skills. The modules will be delivered through a combination of blended learning and e-learning, using omnipresent tools including virtual reality (VR) learning environments. The design and development of VR sessions for an engaged student experience is one of the major aspects of this programme.

The Role
The AMS Centre for Doctoral Training and the HCI Pillar 3 is now seeking to appoint an Administrative Assistant to join the team. The Administrative Assistant will provide a professional and comprehensive administrative service in support of a range of activities equally split between the AMS Centre for Doctoral Training and HCI Pillar 3. This full time post will be funded equally as a 0.5 by the AMS Centre for Doctoral Training and as a 0.5 by HCI Pillar 3.

The role involves the use of multiple business systems, adherence to strict deadlines, the ability to deal efficiently with large volumes of data and to simultaneously progress multiple processes to a high standard.

The Administrative Assistant will report directly to the Faculty Manager (or nominee) and will work closely with the Director, AMSCDT Manager and HCI Lead, and academic staff.

Principal Duties and Responsibilities

Please see attached job description for principal duties and responsibilities of the role.

Qualifications, Skills and Experience Required

Candidates must have a Primary Degree or equivalent (NFQ Level 7) in an appropriate area. In addition, the ideal candidate will:

- Have a proven track record in administration in a complex or large-scale organisation, preferably in a higher education environment.
- Be self-motivated, well organised, able to plan, coordinate and progress tasks on their own initiative.
- Be reliable and demonstrate a flexible positive attitude.
- Be able to contribute to the on-going development and refinement of administrative processes.
- Demonstrate an ability to work effectively as part of a wider administrative team.
- Have excellent written, communication and social skills.
Experience in the use of systems such as Moodle, LOOP, GURU or Blackboard would be an advantage.

Essential Training

The post holder will be required to undertake the following mandatory compliance training: Orientation, Health and Safety, Research Integrity and Intellectual Property and Data Protection training. Other training may need to be undertaken when required.

Salary Scale: Professional 4 (Administrative Assistant) - €39,156 – €58,143*

*Appointment will be commensurate with qualifications and experience and in line with current Government pay policy.

Closing date: 3rd January 2023
