1. Guide for Extenuating Circumstances

This extenuating circumstances procedure is intended to allow students to identify specific circumstances which have had a significant impact on their ability to complete assessment to the best of their ability and to allow you to bring these to the attention of your Programme Chair/ Progression and Award Board.

Students can have one absence from academic activities of up to five days that does not require supporting documentation. Two or more absences or longer periods of absences require supporting documentation. Two or more periods of absences require supporting documentation when a student submits extenuating circumstances.

These measures include teaching weeks, study weeks and exam weeks

This form can be completed in Word or PDF, you do not need to print or post this form. You must then email the form to examinations@dcu.ie in the Student Awards Team in the Registry. Please ensure to add your Programme of study and year of study in the subject line. (for eg BS Year 1)

This form should be submitted by the dates indicated in section 2 in order for your circumstances to be considered by the Programme Chairperson/Progression and Award Board. If your form is not submitted by this deadline, it may not be possible for the Progression and Award Board to consider your circumstances.

The recognition of extenuating circumstances does not normally result in the awarding of additional marks to your grade. It may however result in your module assessments being recorded as deferred or ill with the assessment to be taken at the next available sitting. You should provide personal details in Section A, details of the circumstances in Section B and details of the assessments affected in Section C.

If you have a disability or learning difficulty and are registered with the Disability & Learning Support Service (DLSS) these circumstances will be facilitated through ongoing supports and those circumstances should not be included as extenuating circumstances.

All students have the right to appeal the decisions of a Progression and Award Board under specified grounds. However, if you have not submitted extenuating circumstances prior to the Progression and Award Board meeting, your appeal may be rejected unless the Appeals Board finds that there were valid reasons for non-submission.

Please note this process cannot be exercised by Postgraduate Research (PGR) Students.

Important Information: If a deferral is proposed or applied for, you are still liable for full fees when repeating a module in the next academic session.

Your submission will be treated as strictly confidential.

Dublin City University is not responsible and shall not be bound by errors in or omissions from this publication; the University reserves the right to revise, amend, alter or delete programmes of study and academic regulations at any time by giving such notice as may be determined by Academic Council in relation to any such change.
