ENDCARE

Project objectives: The EndCare Project is aimed at the harmonisation and dissemination of best practice in End of Life care across the European Union. Expert appraisals of the current positions on the policy and regulatory aspects of End of Life care will be presented during the symposium. The symposium featuring eminent keynote speakers and various expert contributors in the field of end of life care will be part of a Summer School on the same subject.

Intended Participants: The symposium will be of particular interest to care givers engaged in the health sector, doctors, nurses, therapists, psychologists, social workers, those involved in palliative and spiritual care, and patient group representatives. Participants are expected to come from the fields of medicine, law, philosophy, theology, social sciences, and from civil society.

PARTICIPATION IS FREE OF CHARGE AND INCLUDES A RECEPTION AT THE END OF THE SYMPOSIUM.
