Registration at DCU

By now, you should have registered as a student of DCU through the online registration process. Completing the registration process and collecting your student card will mean you will have full access to all facilities and services on the DCU campuses including the library and your DCU student email account.

Important reminder! Please remember to add your new address in Ireland to the My Details section of DCU Apps at: www.dcu.ie/registry/mydetails.shtml This is essential if you are to receive important documents from us via post.

Registration at DCU per Student Type
DCU International welcomes different student types to DCU every year. A brief overview of each student type and the registration requirement is provided below:

Undergraduate Students
This student type will undertake a full degree taught bachelor’s programme at DCU and will earn their degree at DCU. There is one intake in September. Students register through the online registration process as directed by Registry. ID cards are collected at Registry.

Postgraduate Students
This student type will undertake a full degree taught master’s programme at DCU and will earn their degree at DCU. There are two intakes in September and January. The majority of postgraduate students commence studies in September however a limited number of DCU programmes provide for a January intake. Students register through the online registration process as directed by Registry. ID cards are collected at Registry.

Foundation Students
This programme is for Students who do not meet the full academic, and/or, English language requirements of their chosen Undergraduate or Postgraduate degree programme. Foundation Programme Students have received a conditional offer for their degree programme that is dependent on their completion of either one or two semesters of our International Foundation Programme. Students can join the programme in September, January, or, May, as appropriate.
Study Abroad Students
DCU welcomes students from both EU and NON EU countries for a semester or full academic year of study at DCU. These students normally come through third party providers such as CIEE, CIS Abroad, IPSL, and CEA or through individual University linkages such as University of Minnesota and Waseda University. Some students come to DCU as Direct Enrol students/‘free movers’. All Study Abroad students pay a fee either to DCU, through their home university or third party provider. Students do not earn their degree at DCU Study Abroad students are pre-registered for modules by the Study Abroad team in the International Office but can change their mind and add additional modules over a 10 day period at the beginning of semester. Advice on this and collection of ID cards takes place at the ‘Study Abroad’ session on the Orientation schedule.

Exchange and Erasmus Students
DCU welcomes students who are participating in the Europe wide ERASMUS programme and have chosen DCU as their university of choice for either a semester or an academic year.

Exchange students are students who come from universities where there is a collaborating programme or exchange agreement in place between DCU and the Home University.
