

DCU Apps Calander

If you would like to import a class timetable into your DCU Apps Calendar, please follow the steps outlined below.

- 1) Log onto studentapps.dcu.ie
- 2) Click on DCU Apps, it is the first link under the *Widely Used Systems* column.
- 3) Open Calendar from the Google App Launcher on the top right side of the page, highlighted in red below.

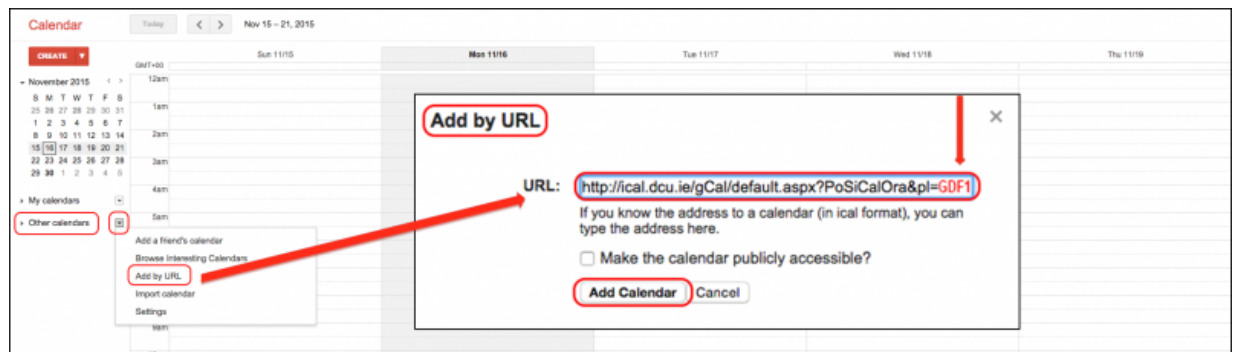

- 5) At the left bottom corner, you will see *Other Calendars* block. Click the arrow beside *Other Calendars* and select Add by URL.

6) Copy & paste the following URL into the URL box as shown below followed by your course code.

<http://ical.dcu.ie/gCal/default.aspx?PoSiCalOra&pl=>

e.g. A 1st-year student studying for a Grad Diploma in Information Technology should enter GDF1 at the end of the URL and paste it into the URL box as shown below.

7) Click on add calendar to complete the process.

8) Your calendar will appear in the other calendar section immediately, however updates to the class timetable calendar can take 24 hours to appear.
