iPod touch or iPhones running 3.0 or older will be unable to use DCU Apps through the Gmail, Drive and Calendar applications. Login using your device’s browser.

Overview
We have taken the necessary precautions to ensure that DCU data is not vulnerable when used by mobile devices. Data is very valuable and when left unprotected, it can fall into the wrong hands. The following procedure has been implemented and must be adhered to in order to connect to DCU Apps through your device.

Encryption Procedure

- All users require a password.
- Device passwords must contain letters or numbers. (No special characters)
- Device passwords must be at least 4 characters long.
- Lock timeout must not be greater than 5 minutes.
- Device data must be encrypted.

Setting Your Password

Step 1: General Settings
Go to settings and select General

Step 2: Set Auto-Lock
Set Auto-Lock to 5 minutes or less.
Staff iPhone/iPad Instructions

Step 3: Passcode on
Tap Passcode Lock and Turn Passcode On

Step 4: Set Passcode
Set your new passcode. (Using only letters or numbers)
