

**Faculty of Science and Health
Programme Regulations 2015-2016**

M.Sc. in Financial Mathematics (MFM)

1. Programme-specific rules and requirements

- 1.1 The assessment of the project module MS510 is based on:
- A preliminary presentation to take place in semester 1
 - A written report normally submitted in September
 - A presentation attended by the external examiner in September

There is no re-sit opportunity for this module. A student who fails the project will be given a single new opportunity (with a fresh project) the following year.

- 1.2 This programme will only run when it is viable to do so. Hence students who fail/defer modules may not be able to repeat/take those modules in subsequent academic sessions, and appropriate substitute modules may not then be available.

2. Derogations from Marks & Standards

None

3. Progression

Students must complete 90 credits to obtain the Masters.

4. Compensation

Compensation is not permitted for taught post-graduate programmes [7.2.7 Marks & Standards]
