FACULTY OF ENGINEERING AND COMPUTING

Programme Regulations 2018-2019

Programme Title	**Springboard Programme: Graduate Certificate in Advanced Manufacturing**
Programme Code	**GCAM**
Offered on a full-time or part-time basis	**Part Time (02)**

Note: *Programme Regulations should be read in conjunction with Marks and Standards which can be found at http://www.dcu.ie/registry/examinations/index.shtml*

1.   Programme Specific Rules and Requirements

1.1   Calculation for the Award Classification

To be eligible to graduate with the award of Graduate Certificate in Advanced Manufacturing, candidates must pass the 5 core 7.5 credit modules with MMxxx or EExxx codes and successfully pass 45 credits on this programme.

When calculating a candidate's precision mark, the weighted average of the 5 core 7.5 credit modules with MMxxx or EExxx codes is used. The core module OI501 is pass/fail.

2.   Derogations from Marks and Standards

Marks and Standards apply.

3.   Progression

3.1   Credits for progression

This is a continuous programme. Once a candidate has met the programme requirements they will graduate.

4.   Compensation
Marks and Standards apply.

5.   Resit Categories

The resits offered for the August examinations diet vary depending on the module to be re-taken. The following is an explanation of the resit categories.

Resit category 1:   A resit is available for all components of the module.

All modules on this programme fall into category 1.

Resit category 2:   No resit is available where the module is 100% assessed by continuous assessment.

Resit category 3:   No resit is available for the continuous assessment component and the examination must be re-taken.
