

FACULTY OF ENGINEERING AND COMPUTING

Programme Regulations 2018-2019

Programme Title	Springboard Programme: Graduate Certificate in the Internet of Things
Programme Code	GCIOT
Offered on a full-time or part-time basis	Part Time (02)

Note: Programme Regulations should be read in conjunction with Marks and Standards which can be found at <http://www.dcu.ie/registry/examinations/index.shtml>

1. Programme Specific Rules and Requirements

1.1 Calculation for the Award Classification

To be eligible to graduate with the award of Graduate Certificate in the Internet of Things, candidates must pass the 5 core 7.5 credit modules on this programme.

When calculating a candidate's precision mark, the weighted average of the 4 core modules with EE5xx codes is used. The core module OI501 is pass/fail.

2. Derogations from Marks and Standards

Marks and Standards apply.

3. Progression

3.1 Credits for progression

This is a continuous programme. Once a candidate has met the programme requirements they will graduate.

4. **Compensation**

Marks and Standards apply.

5. **Resit Categories**

The resits offered for the August examinations diet vary depending on the module to be re-taken. The following is an explanation of the resit categories.

Resit category 1: A resit is available for all components of the module.

All modules on this programme fall into category 1.

Resit category 2: No resit is available where the module is 100% assessed by continuous assessment.

Resit category 3: No resit is available for the continuous assessment component and the examination must be re-taken.
