1. Background

Dublin City University (DCU) offers a number of educational programmes that require students to undertake placements, with external agencies, which will bring them into contact with the public and in which they will assume positions of trust. To ensure the protection of the public, and justify public trust of confidence, the University is committed to ensuring that only suitable applicants are allowed to undertake these programmes.

DCU is required by section 12(4)(d) of the [National Vetting Bureau \(Children and Vulnerable Persons\) Act 2012](#) to operate a system of Garda vetting in respect to those students who will undertake work or activities which involves unsupervised access to children or vulnerable persons as part of their programme of study.

DCU uses the National Vetting Bureau service to obtain a vetting Disclosure which is used to assess the suitability of such applicants and may also require applicants to provide an enhanced disclosure by the completion of a sworn declaration.

DCU requires students to complete the vetting process in order to make a determination about their suitability for the programme prior to finalising their registration as a student of the University. The list of programmes where vetting is a mandatory element of the student registration process can be found at <http://www.dcu.ie/registry/undergrad.shtml>.

Students who accept places in programmes which require vetting will be sent the necessary information by DCU. Information about the National Vetting Bureau service and vetting Disclosure is available on the [website of An Garda Síochána \(Irish Police Force\)](#).

Students registering on a DCU programme of study which is delivered in another jurisdiction will be required to conform to the student vetting requirements which govern that jurisdiction.

2. Purpose

The purpose of this document is to outline the policies and responsibilities relating to the vetting of students for participation in environments where they will have unsupervised access to children and/or vulnerable persons at locations within and outside the University, as part of approved academic programmes. This document complements the [University's Child Protection Policy and Procedures](#). There is a separate [Vetting Policy for Staff](#).

3. Scope

This policy applies to students who will have unsupervised access to children and/or vulnerable persons as part of their University programme.

4. Definitions

Children	Persons under 18 years of age.
Vulnerable Person	A person aged 18 years or over, who is in receipt of or may be in need of community care services by reason of mental or other disability, age or illness and who is or may be unable to take care of him or herself, or unable to protect him or herself against significant harm or exploitation.
National Vetting Bureau	The National Vetting Bureau (NVB) deals with requests to vet certain prospective employees and students and issues vetting Disclosures.
Liaison Person	Person authorised by Dublin City University to communicate with NVB on behalf of the University and located in the Registry.

5. Policy Statement

In pursuit of its mission in the field of education, Dublin City University is committed to creating a community of learning which recognises the education and wellbeing of children as paramount. In seeking to uphold the highest standards in this regard,

and in order to ensure the protection and confidence of the public, the University is committed to ensuring that only suitable candidates are allowed to participate in environments where they will have unsupervised access to children and/or vulnerable persons as part of their University programmes. Vetting is one mechanism which the University uses to assist it in assessing the suitability of candidates for academic programmes. In some cases, the University may also require applicants to provide an enhanced disclosure by the completion of a statutory declaration or other such proof.

5.1 General principles

- The University is committed to ensuring that only suitable candidates participate in components of academic programmes where students may have unsupervised access to children or vulnerable persons and reserves the right, having due regard for natural justice and fair procedures, to conduct a vetting procedure on any such student at any time or times during the student's period in University.
- Information relating to requirements for vetting will be provided in a clear, consistent and timely manner to students.
- Each student is responsible for informing himself/herself of the need for vetting to ensure suitability for specific programmes prior to embarking on specific components of programmes and of the requirements under this policy.
- The student must proactively disclose any relevant information relating to the process of vetting to the University. This includes information relating to periods of residence outside the Republic of Ireland.
- A student may not participate in environments with unsupervised access to children or vulnerable persons until approval is obtained from the University.

Such approval from the University may not necessarily guarantee a placement.

- Each student is responsible for providing information in a timely manner to the University of his/her suitability for specific academic programmes as required to complete the current vetting application process.
- All applicants who have been convicted of a criminal offence must disclose this to DCU.
- The provision of false, inaccurate or misleading information will disqualify applicants from the selection process and for existing students may result in disciplinary action (up to and including withdrawal of registration and exit from their programme).
- If during the course of the application/registration process it transpires that an applicant has a criminal conviction (either by way of Garda Vetting or by applicant disclosure) full details of the conviction will be sought and the Garda Vetting process will commence.
- Students aged under 18 are required to have written permission from a parent/guardian before vetting procedures can be implemented.
- Costs incurred by the student in complying with this policy are borne by the student.
- Information collected as part of this vetting process will be treated as sensitive and strictly confidential.
- Acceptance of an offer of a programme and/or provisional registration as a student of the University is deemed to be agreement with participation in the vetting process as detailed in this policy.

- Confirmation of a student's registration is subject to vetting procedures and the University reserves the right to suspend or cancel a registration if a student does not comply with University vetting requirements and complete the vetting process.

5.2 Police Certificates

An applicant/student (both EU and non-EU) who has resided outside of Ireland for a period of time, greater than six months, (after the age of 18) are required to provide the following supporting documentation when submitting their Vetting Application form:

- An original Police Certificate from the jurisdiction(s) of previous residence covering the dates of residency in that jurisdiction.
- If the Police Certificate is not issued in English the student must provide a certified translation.

Where an applicant or student cannot provide a Police Clearance Certificate/disclosure record, supporting documentation will be sought by DCU from the student as to why a Police Clearance certificate cannot be obtained. DCU reserves the right to seek a statutory declaration where a satisfactory police/criminal records disclosure cannot be obtained.

Please note that the said declaration may be accepted by DCU in the following restricted circumstances only:

- Where clearance can only be obtained by resident citizens and would pose a risk for the student to return to obtain this clearance, DCU will seek guidance from relevant embassies;
- the applicant resided in the country for a period of less than six months and/or the applicant was travelling through the country and had no fixed address;

- the country is at war or experiencing political upheaval; DCU will consult with the Department of Foreign Affairs and Trade for guidance;
- the applicant has provided correspondence demonstrating that police clearance cannot be obtained.

Notwithstanding the above, DCU reserves the right to refuse admission or cancel a registration in the absence of a satisfactory police clearance certificate/criminal record disclosure.

5.3 Vetting Expiry Period

Currently, DCU vetting remains valid for four years. Students registered for more than four years are required to be re-vetted with the exceptions below:

Appendix 2: Factors to be considered by the University Vetting Committee in making its determinations:

1. The nature of the offence
2. The seriousness of the offence
3. The sentence imposed
4. In the case of more than one offence whether the offences disclose a pattern of recidivism or repeat offending
5. The age and circumstances of the applicant at the time of the offence
6. The time elapsed since the offence(s)
7. The manner in which the applicant dealt with the proceedings in relation to the offence and in particular whether the applicant pleaded guilty and at what point in the proceedings
8. Whether the offence involved a serious breach of trust
9. Whether the offence is one which by its nature gives rise to specific concerns in relation to contact with children or young people generally

Under Section 26 of the Sex Offenders Act 2001 it is an offence for a convicted sex offender to apply for a position, to enter into a contract of employment or to continue to work or study in an area either knowing, or if they ought reasonably to have known, that a necessary and regular part of that work/placement involves unsupervised access to, or contact with children, without informing their employer of their conviction. All prospective applicants or registered students must inform DCU of any such conviction at the earliest possible opportunity.
