DCU Transition Year Open Day

Tuesday, 1st May 2018

Glasnevin Campus: 9.30 - 14.30

PURPOSEFULLY DIFFERENT, CONSISTENTLY EXCELLENT

WELCOME

Welcome to DCU Transition Year Open Day 2018. We hope this Open Day will help you gain an understanding of what university is all about, to start thinking about your future and the effects of your behaviour and attitudes towards learning. We want to provide you with a desire and confidence to research and ask questions – to know that no question is a 'stupid' question.

Benefits to you

— Awareness of specific subject requirements for a DCU course

— Know the value of researching all there is to know about a course e.g. lecture hours, tutorials, how the course is assessed [exams/assignments/ presentations/group work]

— Have an expectation of the skills required for the transition from second level to third level

— Gain knowledge on possible careers for graduates of a DCU course

— Know the value of holding a third level qualification - job prospects will improve with a degree

— Get a feel for the campus that you may be studying on for three or four years

— Gain advice on how to manage your study and social activities

— Information on accessible routes into college (HEAR/ DARE)

— Information on sport and academic scholarships

— Encouragement to believe in yourself to make things happen

Our Open Day activities will help you explore what DCU has to offer. You will find out more about our fantastic degrees and learn about the excitement of student life on our DCU campuses.

Information Points

There will be an Information Point in each of the buildings where course presentations take place (see campus map for these locations).

Look out for our Student Ambassadors (wearing "Can I Help?" tops) and members of staff who will be pleased to help you and direct to the Open Day Information Points and presentations.

DCU offers over 65 undergraduate degree courses in the areas of Business, Languages, Arts, Humanities, Science, Health, Engineering, Computing, Education and Teaching. The presentations will provide a brief overview of course content, work placements and career prospects. Each presentation will last 30 minutes and will be repeated throughout the day. For example, if you are interested in attending the Accounting and Finance talk, go to room QG15 in the DCU Business School (location 4 on campus map) at 10.00am or 11.00am or 12.00pm or 1.00pm.

DCU Student Ambassadors will deliver a 'college experience' presentation providing a snapshot of the realities of studying on a particular course - hours spent in lectures, tutorials, assignments - their own experiences of overcoming difficulties and the support they have received. This information will hopefully be of benefit to you, ease your concerns and help you prepare for the transition from second level to third level.

Demonstrations / Displays / Tours

Selected Schools within the Faculty of Science and Health will be holding demonstrations in the foyer of the Lonsdale Building - location 1 on campus map.

For those interested in DCU Nursing courses, there will be tours of the Nursing Skills Centre at 12.00pm, and 13.30pm, departing from the foyer of the School of Nursing and Human Sciences Building - location 6 on campus map.

If you have an interest in a career in broadcasting, the School of Communications will provide guided tours of the Media facilities including the TV and Radio studios at 10.45am and 12.00pm. The tour will depart from the Information Point (located beside the Bank of Ireland) in the foyer of the Henry Grattan Building - location 5 on campus map.

The Faculty of Engineering and Computing will also be conducting a wide range of demonstrations in the Stokes Building - location 2 on campus map, around the areas of Mechanical and Manufacturing Engineering and Electronic and Computer Engineering.

General Talks

There will be two special presentations that you can attend offering advice that will benefit you wherever you decide to study. The general talks will take place in the Larkin Lecture Theatre (T101 - location 7 on campus map) and include the importance of developing professional transferable skills through involvement in Extra Curricular activity (Ross Munnelly), and advice on how to reach your potential (Jonny Cooper).

General Support Stands

In the foyer of the Henry Grattan Building (location 5 on campus map), you will have an opportunity to meet representatives from the following areas:

— Sport Scholarships
— Disability and Learning Support Service
— Access Service
— Student Life

Campus Tours

Student Ambassadors will be providing campus tours at regular intervals throughout the day departing from the DCU letters in front of the Helix (or join in with a group en route).

Catering Facilities

There will be a selection of hot food, drinks (including Starbucks in-house coffee) and snacks to purchase in the main Student Restaurant (location 8 on campus map). The Spar supermarket will also be open.

Tuesday 1st May 2018 — Glasnevin Campus Talks
