4. Additional Information

Proficiency in spoken Irish:

1. Gaeltacht Course – Attendance and Cost: All students of primary initial teacher education on the Bachelor of Education programme in Colleges of Education are required to attend a residential course in the Gaeltacht. It should be noted that this is a *compulsory* part of the course. Since the 2012/13 academic year, the cost of this compulsory course has no longer been met by the Department of Education & Skills.

2. Oral Irish Test: In addition, applicants should note that students will be subject to an oral Irish test at the end of their first year of initial teacher education, and must pass this test in order to continue to the second year of the course. Students who fail this oral Irish test may, at the discretion of the Institution, be allowed to repeat the test.

Student Grants:

SUSI (Student Universal Support Ireland) is Ireland's single national awarding authority for all higher and further education grants. The online application system for new and renewal grant applications for the 2018/2019 academic year will open during the first week of April 2018. Further details available at www.susi.ie

Scholarships:

Third Level Bursary Scheme

In 2012, the then Minister for Education and Skills Ruairí Quinn T.D. established a scheme of bursaries for students from DEIS schools based on Leaving Certificate examination results.

Applications are not needed for these bursaries as they are awarded on a regional basis (Dublin, rest of Leinster, Munster and Connaught/Ulster) based on Leaving Certificate results achieved in 2018.

All Ireland Scholarship Scheme

The All Ireland Scholarship Scheme is administered by the Department of Education & Skills and funded by J.P. McManus. No applications are necessary for the All Ireland Scholarships as they are awarded based on the Leaving Certificate exam results achieved in 2018. They are available to first-time Leaving Certificate students who have been exempt from paying the Leaving Certificate exam fee and who have attended non-fee paying post primary schools. Further information is available on the All Ireland Scholarship website.

Fitness to Practise:

1. *Garda Vetting:* Before a Higher Education Institution can complete a student registration; the Higher Education Institution requires that all incoming teacher education students undergo a process of Garda vetting in order to establish whether they have any convictions or criminal charges pending. Where this process confirms the existence of such, the matter is referred to a Vetting Committee within the Higher Education Institution which decides whether the student can continue with his/her programme of study.
2. *Medical Requirements:* Some Higher Education Institutions require that all incoming teacher education students complete a medical information form, indicating whether they have any significant ongoing illnesses or disabilities which might adversely impact their capacity to meet the requirements of the course, including School Placement. Entrants who declare health conditions, disabilities or psychological conditions will be assessed on an individual basis to evaluate whether, with reasonable accommodations, they would have the ability to undertake

the demands of the programme. Individuals will not be excluded on the grounds that they possess a particular condition or disability if it is deemed likely that it would be possible for that person to fulfil the requirements of the course with reasonable accommodation(s). The Institutions will advise students as to the procedure to be followed in this regard.

Gaeltacht Applicants: Up to ten per cent of places on the Bachelor of Education programme may be reserved for applicants from the Gaeltacht, i.e. applicants must reside in the officially designated Gaeltacht and must use Irish as the normal language of home.
