2. Application for Postponement of Assessment / Examination Form – R33

1. Guide for Application for Postponement of Assessment / Examination

In circumstances where students are completing assessments for August Resits remotely in challenging circumstances, the University has made modifications to the process for applying for postponement of assessment. Students can choose to postpone the assessment for one or more modules. No supporting documentation is needed to support this application. Students should carefully note the next available opportunity to take the assessment and factor in the implications when deciding to postpone.

This form should be completed if you wish to postpone August Resit assessments. This form must be completed and submitted by 5pm on Monday 3rd August 2020. After this date should exceptional circumstances arise, you must complete an extenuating circumstances form (R30) in order to have these considered by the Programme Chairperson / Progression and Award Board.

This form can be completed in Word or PDF, you do not need to print or post this form. You must then email the form to the Student Awards Team in the Registry at examinations@dcu.ie. Please ensure to include your Programme of Study and your Year of Study in the Subject Line of email, for eg BS year 1. Open Education students should email the form directly to connected@dcu.ie

If you postpone your August resit attempt, you will be required to register for the full module again in the next academic session. You will be required to take all assessment elements for the module (no elements are carried forward). You will (in most cases) not be eligible to progress to the next academic year and you will not be able to graduate. There may also be fee implications.

This form covers one semester assessment/examination session only. If you wish to postpone more than one session you must submit a separate form for each session.

Postponement of examinations/assessment does not extend the overall maximum registration period (Marks & Standards Section 5).

Registry will send you an email confirming that your application has been received and processed.

Please note this process cannot be exercised by Postgraduate Research (PGR) Students.

Your submission will be treated as strictly confidential.

Dublin City University is not responsible and shall not be bound by errors in or omissions from this publication; the University reserves the right to revise, amend, alter or delete programmes of study and academic regulations at any time by giving such notice as may be determined by Academic Council in relation to any such change.

Data Protection Notice: Personal information that you submit to Registry in connection with any service provision will be treated in accordance with the Registry Data Protection Notice, which can be viewed at the following website address: https://www.dcu.ie/registry/data-protection-notice.shtml

Revised July 2020
2. Application for Postponement of Assessment / Examination Form – R33

Revised July 2020
Non-EU/Non-EEA Postponements
Guidelines for Students

For the August resits assessment sessions 2020, postponements may be applied for through email. The forms can be downloaded in Word or PDF format and can be completed from any location and returned by email.

Where a student may need to complete any aspect of their postponed module in the academic year 2020/21 the following should be noted.

Non-EU/Non-EEA students are permitted entry into the country on the basis of ‘full-time’ study at an institution. Their continuing stay in the country depends on this status remaining unchanged. For the purpose of study at DCU, ‘full-time’ study represents a full diet of modules or full-time research, as undertaken by full-time students taking part in the relevant programme.

The Irish Naturalisation and Immigration Service (INIS) is the body that stamps the students’ passports to allow them remain in the country as continuing students. This body has the right to deny this residency to any student that is not taking part in a full-time programme of study in Ireland. The University cannot influence this decision. You should therefore be aware that the consequences of postponing an assessment or examination might be:

- INIS may ask you to leave the country and return for the deferred examination / assessment at the appropriate time or submit the assessment remotely. Depending on the individual module, this may be in the next academic session.

- If the next available opportunity for the module is in the next academic session, you will be required to register as a repeat student for the full module, including retaking all assessment components (see Section 7 of University Marks & Standards)

We would therefore strongly recommend that the request to postpone a module or assessment be only submitted under extreme circumstances. DCU cannot take any responsibility for the decisions taken by the INIS or Department of Justice.

Official Use only:
