Description of postdoctoral project on offer:

Project on child sexual abuse disclosures in collaboration with the Children's University Hospital, Temple St., Our Lady's Hospital for Sick Children, Crumlin, and the Community Child Centre, Child and Family Agency, Waterford. The project involves a retrospective audit of children's assessment files, extracting information pertaining to children's experiences of informal disclosure.

Please indicate the core skills or disciplines that are required for this position:

Skills: Training in helping professions (social science, psychology, education, nursing) to facilitate interpretation of data; Qualitative and Quantitative Data Analysis using SPSS and nVIVO software packages; Academic writing skills in preparing papers for publication
